### A. Submission of Individual Annual Tax Return ("Form BE / M")

Annual income tax return for individual – The Form BE / M for the Year of Assessment ("YA") 2020 must be submitted by 30 April 2021. Failure to submit the Form BE / M within the due date will constitute an offence under the Income Tax Act 1967 ("ITA") in which upon conviction, will be liable to a fine ranging from RM200 to RM20,000 or imprisonment for a term not exceeding 6 months or both. In addition, the Inland Revenue Board ("IRB") may further impose a penalty up to 3 times the amount of tax payable.

Nevertheless, submission of the tax return may not be required, if Monthly Tax Deduction ("MTD") is elected as Final Tax. The election is specifically for Malaysian citizens. Expatriates are still required to apply for his / her tax clearance upon leaving the country. If tax clearance is not done properly, the IRB has every right to claim the outstanding tax payable from the employer. As such, employers need to ensure that expatriate employees have cleared their taxes before departing from Malaysia.

## **B. Monthly Tax Deduction (“MTD”) / Potongan Cukai Pendapatan (“PCB”) as Final Tax**

Although the Form BE / M (which only has employment income) must be submitted by 30 April each year, the IRB also offered the option of not submitting the Form BE / M with effect from the YA 2014 (Budget 2014). This is by deeming the MTD as the final tax. However, taxpayers must fulfil the following conditions: -

- a) Having only a single source of employment income;
- b) Benefits-In-Kind (“BIK”) and Value of Living Accommodation (“VOLA”) have been taken into account in the MTD calculation;
- c) Service with the same employer for 12 months in that YA;
- d) MTD is deducted according to Income Tax Rules;
- e) Tax is not borne by the employer; and
- f) Husband and wife elect for separate assessment.

The key benefit for taxpayer is to eliminate the daunting task of remembering the due date and collating the relevant documents for completing the Form BE / M. Conversely, the disadvantage is that the taxpayer would have to forego the deductions claim (relief) which may result in a tax refund, unless **Form TP1** (claiming individual deduction and rebate for MTD purpose) has been submitted therefrom.
