1. Background of e-Invoice

About e-Invoice

To support the growth of the digital economy, the Government implemented e-Invoice in stages in an effort to enhance the efficiency of Malaysia's tax administration management. It is in line with the Twelfth Malaysia Plan, where the focus is on strengthening the digital services infrastructure and digitalising the tax administration.

The e-Invoice will enable near real-time validation and storage of transactions, catering to Business-to-Business (B2B), Business-to-Consumer (B2C) and Business-to-Government (B2G) transactions.

An e-Invoice is a digital representation of a transaction between a supplier and a buyer, which intended to replace paper or electronic documents such as invoices, credit notes, and debit notes.

Benefits of adopting e-Invoice

The implementation of e-Invoice not only provides seamless experience to taxpayers, but also improves business efficiency and increases tax compliance. Overall benefits include:

1. Unified invoicing process through the streamlining of transaction document creation, and submission of data electronically to IRBM. The automation of data entry for transactions reduces manual efforts and human errors;
2. Facilitate tax return filing through seamless system integration for efficient and accurate tax reporting;
3. For larger businesses, the adoption of e-Invoice enables the streamlining of operations, resulting enhanced efficiency and significant time as well as cost savings through automated processes, seamless data integration, and improved invoice management; and
4. For micro, small and medium-sized enterprises (MSMEs), the phased implementation offers a progressive and manageable transition to e-Invoice, allowing MSMEs to align their financial reporting and processes to be digitalised with industry standards, ensuring that MSMEs to adapt over a longer period and mitigating potential disruptions.

2. E-Invoice Implementation Timeline

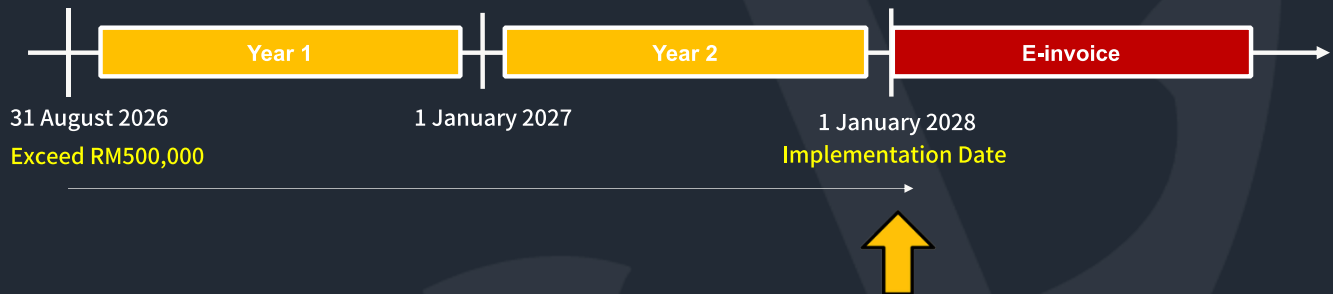

E-Invoice Implementation Timeline

The mandatory e-Invoice implementation timeline is:-

No	Taxpayers	Implementation Date	Relaxation Period
1	Taxpayers with an annual turnover or revenue of more than RM100 million	1 August 2024	1 August 2024 to 31 January 2025
2	Taxpayers with an annual turnover or revenue of more than RM25 million and up to RM100 million	1 January 2025	1 January 2025 to 30 June 2025
3	Taxpayers with an annual turnover or revenue of more than RM5 million and up to RM25 million	1 July 2025	1 July 2025 to 31 December 2025
4	Taxpayers with an annual turnover or revenue of more than RM1 million and up to RM5 million	1 January 2026	1 January 2026 to 30 June 2026
5	Taxpayers with an annual turnover or revenue of more than RM500,000 and up to RM1 million	1 July 2026	1 July 2026 to 31 December 2026

The annual turnover or revenue for the implementation of e-Invoice will be determined based on financial year ended 2022.

New Businesses or Operations commencing from Year	Implementation Date
2023 to 2025 with an annual turnover or revenue of at least RM500,000	1 July 2026
2026 onwards or upon commencement date - if 1 st year revenue is less than RM500,000	1 July 2026 or upon operation commencement date 1 January in the second year following the year in which the total annual turnover or revenue reached RM500,000.

No exemption will be granted after the mandatory implementation year has been determined, and taxpayers are required to continue issuing e-Invoices even if their total annual turnover or revenue do not exceed RM500,000 in the subsequent years.

3. Interim Relaxation Period

E-Invoice Interim Relaxation Period

Relaxation Period				
1 August 2024 to 31 January 2025	1 January 2025 to 30 June 2025	1 July 2025 to 31 December 2025	1 January 2026 to 30 June 2026	1 July 2026 to 31 December 2026
Businesses which achieved turnover threshold of RM100 million per year	Businesses which achieved turnover threshold of RM25 million per year	Businesses which achieved turnover of RM5 million to RM25 million per year	Businesses which achieved turnover of RM1 million to RM5 million per year	Businesses which achieved turnover of RM500,000 to RM1 million per year

To ensure the smooth transitioning and implementation of e-Invoice, the Government of Malaysia has, on 26 July 2024, agreed to provide taxpayers a six (6)-month interim relaxation period from the date of mandatory implementation of each implementation phase.

During the interim relaxation period, Government of Malaysia has agreed to allow taxpayers to adopt the following:

- a) issue consolidated e-Invoice for all activities and transactions, including the industries or activities listed under Section 3.7 of this e-Invoice Specific Guideline.
- b) issue consolidated self-billed e-Invoice for all self-billed circumstances outlined under Section 8.3 of this e-Invoice Specific Guideline.
- c) input any information / details in the “Description of Product or Service” field in the consolidated e-Invoice or consolidated self-billed e-Invoice. statement / bill reference numbers as required under Section 3 and 4 of this e-Invoice Specific Guideline
- d) not to issue individual e-Invoice or individual self-billed e-Invoice, even if the buyer (in the case of e-Invoice) / supplier (in the case of self-billed e-Invoice) has made a request for an individual e-Invoice or individual self-billed e-Invoice to be issued, provided that the taxpayers comply with item (a) or (b) above, as the case may be.

Additionally, the IRBM will not undertake any prosecution action under Section 120 of the Income Tax Act 1967 during the interim relaxation period on non-compliance of the e-Invoice requirements, provided that taxpayers comply with the requirements mentioned under Section 16.2 (a) and (b) of this e-Invoice Specific Guideline (reference to last slide).

4. Scenarios Requiring e-Invoice to be Issued

Scenarios requiring e-Invoice to be issued

1. Proof of Income: This document is issued whenever a sale or other transaction is made to recognize income of taxpayers; and
2. Proof of Expense: This type of document covers purchases made or other spending by taxpayers. It also includes returns and discounts. It can also be used to correct or subtract an income receipt in terms of the amounts documented. In addition, there are certain circumstances where taxpayers would have to issue self-billed e-Invoice to document an expense such as foreign transactions. For example, if the taxpayer acquired goods and/or services from foreign supplier and received an invoice from the foreign supplier who does not use Malaysia's MyInvois System, the taxpayer would be required to issue a self-billed e-Invoice to document the expense.

Certain activities that require e-Invoice to be issued (no consolidated e-invoice allowed)

For the purposes of e-Invoice, taxpayers undertaking certain activities or transactions are required to issue e-Invoice for each transaction with Buyers. In other words, such taxpayers will be required to obtain the Buyer's details for the issuance of e-Invoice and will not be allowed to issue consolidated e-Invoice.

No	Industry	Types of Activities
1	Automotive	Sale of any motor vehicle
2	Aviation	Sale of flight ticket and private charter
3	Luxury Goods and Jewelry	Details will be released in due course <i>Taxpayers are allowed to issue consolidated e-Invoice until further notice</i>
4	Construction	Construction contractor undertaking construction contract, as defined in the Income Tax (Construction Contracts) Regulations 2007
5	Wholesalers and Retailers of Construction Materials	Sale of construction materials, regardless of volume sold. Construction material as specified under the Fourth Schedule of Lembaga Pembangunan Industri Pembinaan Malaysia Act 1994
6	Licensed Betting and Gaming	Pay-out to winners for all betting and gaming activities
7	Payment to Agents / Dealers / Distributors	Payments made to agents, dealers or distributors.
8	All Industries	Any single transaction with a value exceeding RM10,000. <i>Note that this will be effective starting 1 January 2026.</i>

5. Types of e-Invoice to be Submitted and Validated

Types of e-Invoice to be submitted and validated

Code	Document Type	Description
